7. Number of employees

7.1 - Number of employees on the list

- | | | |
|---|-------|-------|
| - On New Year's Day (01/01): | 4 718 | Labor |
| - At the time of closing the financial statement book (31/03/2026): | 4 644 | Labor |
| - At the time of closing the financial statement book (30/06/2026): | 4 652 | Labor |
| - At the time of closing the financial statement book (30/09/2026): | 4 603 | Labor |

7.2. The average number of laborers on the list from the first day of the year to the time of making financial statements (Labor/month):

8. Statement of comparability of information on financial statements:

8.1 - Comparability: Comparable by consistency in accounting policies applied between production and business periods.

8.2 - Incomparable, Reason: No

9. Explanation of other information on the financial statements in accordance with relevant laws:

II - Accounting periods, monetary units used in accounting

1. Annual accounting period

+ Starting from: 01/01 annually

+ Ends on: 31/12 annually

2. Currency used in accounting: Vietnam Dong (VND)

III - Applicable accounting standards and regimes

1. Applicable accounting regime: According to Circular No. 99/2025/TT-BTC dated October 27, 2025 of the Minister of Finance.

2. Declaration on compliance with Vietnam Accounting Standards and Vietnam Accounting Regime: Consistent compliance with Vietnam Accounting Standards.

IV- Accounting policies, accounting estimates and relevant applicable legal regulations

1. Principles for conversion of financial statements made in foreign currencies: Exchange rate at the end of the accounting period - period-end exchange rate (CM-10).

2. Types of exchange rates applied in accounting: Actual exchange rate (CM-10).

3. Principles for determining the actual interest rate: The actual interest rate is applied to the borrowing expense and deposit interest rate at the time of making the financial statement (CM-14)

4. Principles for recording monetary amounts and cash equivalents: Recorded at the original price (CM-24).

5. Accounting principles for financial investments:

a) Trading securities: Investments in trading securities are initially recorded at the original price (CM-08).

b) Investments held to maturity: These investments are initially recorded at the original price (CM-08).

c) Investments in subsidiaries, joint ventures, and associates: Investments in subsidiaries, joint ventures, and associates are initially recognized at the original price (CM-07).

d) Investments in other units: Investments in other units are initially recognized at the original price.

d) Accounting methods for other transactions related to financial investments: Revenue, Expenses incurred on the principle of accrual (CM-08).

6. Principles of accounting for receivables: According to the principal value at the time of incurrence and setting aside provisions for bad debts (CM-01).

7. Principles of inventory accounting:

7.1. Principles for recording inventory: Inventories are recorded at their original prices (CM-02).

7.2. Method of calculating the value of inventory: Weighted average at the time (CM-02).

7.3. Inventory accounting method: Regular declaration.

7.4. Method of setting up provisions for reduction of inventory prices: Not implemented because the purchased goods are only used for production purposes and not for commercial purposes.

7.5 - Criteria for allocation of raw materials: Direct allocation and subjects of use.

7.6 - Accounting policies related to inventory with contracts with high risks: Not yet incurred.

8. Principles of accounting and depreciation of tangible fixed assets, intangible fixed assets, financial leased fixed assets and investment real estate: According to historical cost and depreciation in a straight line.

9. Principles of accounting for biological assets: Not yet incurred.

10. Accounting principles of business cooperation contracts: Not yet incurred.
11. Accounting principles for expenses pending allocation: Gradually allocated to operating expenses over time.
12. Accounting principles payable to sellers: Recorded at the original price of purchased goods and services (including tax, discounts and discounts).
13. Accounting principles for payment of dividends and profits: Recorded according to the actual value payable when there is a decision of a competent authority.
14. Accounting principles for recording payable expenses: Only those expenses of used goods and services that are directly related to revenues and expenses incurred in the period are recorded.
15. Accounting principles for recording revenue awaiting allocation: Only the amount received is related to the revenue of the next period.
16. Accounting principles for payable provisions: Not yet incurred.
17. Deferred CIT accounting principles: Not yet incurred.
18. Principles for recognition of loans and financial lease debts: Recognition according to the actual amount received.
19. Principles of capitalization and borrowing expenses: Recording the capitalization of borrowing expenses in the investment period.
20. Principles for recognition of convertible bonds: Not yet incurred.
21. Principles for recognition of equity:
 - Principles for recognition of CSH's contributed capital, capital surplus, convertible bond options, and other capital of CSH: According to the actual value of capital contributed assets (CM-21).
 - Principles for recording differences in asset revaluation: Increase or decrease in capital and corresponding assets when granted and approved by competent agencies.
 - Principle of recording exchange rate difference: Convert foreign currency to VND according to the actual exchange rate on the transaction day.
 - Principle of recording undistributed profits: It is the profit from production and business activities of the enterprise after paying CIT (CM-21).
22. Principles and methods of recording turnover and other incomes:
 - 22.1- Revenue from sale and provision of services:
 - Sales revenue: Only recognized when 05 conditions in Vietnam Accounting Standard No. 14 are simultaneously satisfied.
 - Revenue from service provision: Only recognized when 04 conditions in Vietnam Accounting Standard No. 14 are simultaneously satisfied.
 - Construction contract revenue: Not yet incurred.
 - Revenue from the sale of real estate being tourist apartments, offices combined with accommodation or similar: Not yet incurred.
 - Revenue from the sale of investment real estate: Not yet incurred.
 - 22.2- Revenue from financial activities: Recorded on the basis of accrual, regardless of the time of collection (CM-14).
 - 22.3- Other incomes: Recognized when they arise, regardless of the time of collection (CM-14).
23. Accounting principles for revenue deductions: When there are clear grounds, separate reflections and periodic reflections (CM-14).
24. Principles of accounting for cost of goods sold: Recorded on time, in accordance with and corresponding to revenue (CM-02).
25. Principles of accounting for financial expenses: Recorded in the accounting period incurred, regardless of the time of payment.
26. Accounting principles for selling expenses and enterprise management expenses: Recorded in the same accounting period and in accordance with related revenues.
27. Accounting principles for the sale and liquidation of fixed assets and investment real estate: Recording revenue and expenses in the accounting period (CM-03, 04 and 05).
28. Principles and methods of recording current CIT expenses and deferred income tax expenses: Based on taxable income in the period according to the Law on CIT (CM-17).
29. Other accounting principles and methods: accrual principle, cost price principle, continuous operation principle, prudent principle, consistency principle, material principles, conformity principles, clearing principles, principles of transparency and accounting principles in Vietnam dong (VND).

V - Additional information for items presented in the financial position statement
